Section 1 - Introduction

This directory provides a list of Capital Health Plan Silver Advantage, Advantage Plus, Preferred Advantage and Retiree Advantage network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP will also coordinate the rest of the covered services you need.

Coordinating your services includes checking or consulting with other plan providers about your care. If you need certain types of covered services or supplies, you may need to get approval in advance from your PCP, such as receiving a referral to see a specialist. In some cases, your PCP will need to get prior authorization from Capital Health Plan.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

If a non-network provider asks you to pay for covered services such as emergency care, urgent care, out-of-area renal dialysis, or care that has been approved in advance you should not pay the bill, but should submit to the plan for processing and determination of enrollee liability, if any.

If you have a medical emergency you may go to the nearest emergency room, hospital, or urgent care center. Call for an ambulance if you need it. You do not need to get approval or a referral first from your PCP. As soon as possible, make sure that our plan has been told about your emergency. We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Member Services can assist you if you call the number located on your plan membership card.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Capital Health Plan Silver Advantage, Advantage Plus, Preferred Advantage or Retiree Advantage will be responsible for the costs.
